SUMMARY

To be a part of an organization where I get the chance to use my knowledge and skills to contribute to the progress of the organization as well as to my own personal growth.

INTERNSHIP

Mistral Solutions Private Limited   Dec 2023 - May 2024

Development projects

- During my internship, I completed an ATM Management System to automate cash withdrawals and account management, and a Bus Ticket Booking System to streamline ticket reservations. I also enhanced patient recordkeeping with a Hospital Management System and tackled inventory optimization in a Brick Problem. Additionally, I created a Task Management system.

Automation Testing

- I completed an internship at Mistral Solutions, where I learned and worked with automation tools such as Selenium, TestNG, and Appium for mobile automation on both IOS and Android platforms.
- I have prepared a comprehensive document on mobile automation for both IOS and Android platforms

Manual Testing

- Worked in the product module Testing which improves the performance
- During my internship, I completed manual testing on the Amazon login page, Soata management system, and Scribtability projects.

PROJECTS

Online GATE coaching website

I developed a GATE coaching website to assist aspiring engineering students in their exam preparation. The website features mock tests, provides access to the GATE syllabus, and offers a repository of study materials. It incorporates responsive design for a user friendly experience.

Blood bank management system

The Blood Bank Management System efficiently tracks blood inventory and donor information, ensuring timely availability for patient needs. The Blood Bank Management System provides real-time tracking of blood inventory and donor information, streamlining operations for efficient blood managemen. Technologies used: Java,SQL,HTML,Css.)

EDUCATION

Rohini college of engineering and technology BE in Computer Science -2019-2023   (GPA: 8.3)
Baliah Marthandam Higher secondary school-HSC -2018-2019   (70)
Baliah Marthandam Higher secondary school-SSCL -2015-2016   (86)

SKILLS

Programming language:	C, C++, Java.
Developer Tools:	Selenium,TestNG,Git,Mobile automation(Android,ios) Appium
Interest :	Reading books, Drawing, Travelling
Soft Skills:	Time Management, Teamwork, Logical Thinking.
Certificate:	I have completed a course in C and C++ at CSRI Institute.
Training:	In plant Training in Web Development from CODEBIND Technologies for 6 days in March 2022. (Chennai).
